

Blood on our Hands

Lyrics by Harshit Bhardwaj

Verse 1

Dawn has just broken
Ray of hope is out
With swords in our hand
We march through the towns

We fight for our fathers
fight for their lost pride
fight to avenge
fight till we die

Chorus

We see the blood on our hands
We hear them cry
We fight not for glory
We fight to survive

Verse 2

We lost our blood brothers
whom we swore to protect
We saw them being slaughtered
Now its time to avenge

We fight for our Brothers
fight for their lost lives
fight to avenge
fight till we die

Father.....
Their Lost Pride.....
We avenge.....
Or We die.....
Brothers.....
Their Lost lives.....
We Avenge.....
or We die.....

Chorus

Bridge

No man should have to kill other
But that has been our sad fate
The river turned red from their blood
In killing their is no solace

Chorus
